

## SAN MARCO

Maurizio Di Mauro - 2017

### DESCRIPTION

Metal and wood dictate the beauty and charm of San Marco in their chromatic and material plays, which is essential in its balance of elements. Headboard and body are isolated by a thin cylindrical element - fanciful decoration in solid wood and metal that enriches the ultra-basic profile of the bed. Choose whether to enrich your San Marco with the practical container box and whether to choose it in its low - more classic - or high version - where the wood and metal structure becomes the bed more intriguing.
